

## Academic Programme

### The School Year

The school year starts in July and ends in June. It is divided into two semesters with the first semester finishing in early December with a month of Christmas Break. The school also has a one week mid-semester break in September and March.

### School Days

The first period of the day begins promptly at 7.45 a.m. Mondays through Fridays and ends at 2.10 / 2.40

### Assessment/ Examinations

Teachers are encouraged to use a **variety of assessment tools** when evaluating students' performance. Students are regularly assessed. There are **chapter reviews, semestral examinations** and **interdisciplinary projects**.

**Cambridge Primary Checkpoint Tests** and **Indonesian national examinations (USBN)** are also offered to Primary 6 students.

### Subjects Offered

English, Mathematics, Science, Chinese, Music, Art and Crafts, Physical Education, Bahasa Indonesia, PPKn and Religious Studies.

## School Mission

*To nurture our students holistically, prepare them for the future and inculcate the importance of respecting others, self and the environment.*

## School Vision

*Every Stamfordian an aspiring leader that will contribute to the country and the rest of the world.*

International Examinations

*The Primary Department is committed to providing high quality education to motivate students to achieve their highest potential and prepare them to become lifelong learners who will exercise a sense of responsibility and leadership in school and the community.*

*We aim to foster a lifelong love of learning and equip the students with all the skills they need to become confident, competent, independent and motivated learners.*

## Curriculum & Co-Curricular Activities

### Curriculum

The Primary curriculum is based on the Singapore curriculum and the Cambridge International Primary Programme, which are both innovative and dynamic. These curricula are enriched by a holistic approach to education - learning outside the class room and a skills based approach to learning are emphasized. With our qualified and dedicated teachers and staff, the students are empowered with all the skills that will enable them to be successful learners in their Secondary years.

### Co-Curricular Activities

The school offers a diverse range of co-curricular opportunities including academic pursuits, leadership programmes, sports (basketball, archery, fencing, soccer, badminton), special interests (arts, dance and cooking) and community service projects. There are also opportunities for the students to participate in overseas trips for primary five and six students.

## Student Welfare Programme

### Remedial Classes

The school conducts remedial classes to assist students who are having difficulties in English, Mathematics, Science and Chinese. Teachers provide extra help to these students after school.

### Pastoral and Life Skills

Stamford offers programmes and support for character development and personal well-being. Roots and Wings is a framework for inculcating values encapsulated in our Mission and Vision such as respect and leadership. Through "Lifewise", our students get to learn useful practical skills such as washing and cooking. A guidance counsellor is available to students on personal matters and gives specialised support.

We are proud to be a multi faith school
